

# Interesting Sporting Matters of General and Local Character

## WITH AUTOMOBILE DRIVERS--NOTES OF INTEREST

### RAISING THE SEAT.

Not infrequently the driver's seat in an automobile is too low for easy and proper manipulation of pedals. This may be easily overcome by placing a box of the needed height and size under the seat cushion. This box may be a very useful receptacle for many articles, as well as an elevator of from two to four inches for the cushion.

Of course automobile tires should be pumped up to standard pressure in order to get maximum service from them, but when for any reason it is very desirable to secure soft, easy riding, as for a person that is sick or has been injured, half pumped tires will give the needed effect. Mileage will not be correctly recorded with soft pumped tires, however, as the diameter of the wheel is reduced.

### KNOW THY CAR.

The man who drives a car should know every part of the machine as well as he knows his own name. The automobile of today is becoming quite complex, and the electric equipment alone requires technical knowledge of a high order. Carburization is strictly scientific, and calls for acquired wisdom, while adjustment of gears in re-assembling after repairs have been made is a much greater task than is usually considered, if done properly. If improperly done trouble of a serious nature is sure to follow.

### \$33,000,000 SALES IN YEAR.

Some idea of the continued growth of the automobile and accessory business can be obtained from the announcement recently made to the directors of the Goodyear Tire and Rubber company, Akron, Ohio, that the company's business for the fiscal year ending November 1, 1913, will exceed \$33,000,000. The total sales for the year would certainly have gone to \$40,000,000, Goodyear officials say, had not serious floods and an I. W. W. invasion curtailed production for a time last spring. In view of all circumstances, this increase of 40 per cent over 1912 is heralded a very satisfactory.

### MOTOR EXHIBIT FOR FAIR.

A building to cost upwards of \$50,000 and in which will be placed motor car exhibits is being erected at the State Fair grounds in Dallas, Texas. The building is being constructed of concrete and will be fireproof. The first motor car exhibit will be held in October.

### PRESERVING DRY CELLS.

The slightest dampness of the paste-board covers of dry cells will more or less short circuit and run down the amperage. "S. Kings" made out of short sections of old inner tubes make good covers for dry cells.

### RULE OF THE ROAD.

If a collision occurs the car that is on the wrong side of the road at the time of the accident must pay the damages. It was violating the law of the road.

## NO BALL GAME TODAY

There will be no base ball game at Warren Park today between the Warren Grays and the El Paso team. This was determined late yesterday afternoon when a telegram was received from El Paso announcing that the game must be called off for the reason that El Paso had four men abed. Thus crippled they could not come but hoped to shape up for a game on Sunday next.

## TUCSON AUTO CLUB COMING

Tucson autoists will visit Bisbee in about two weeks. This was decided upon last night at the meeting of the Southern Arizona Automobile association, at the chamber of commerce, in Tucson, says the Citizen.

A committee consisting of H. Corbett, president of the association, Ebert & Miller was named to work up the plan. The association will meet again next Monday night, and the committee will probably report at that time.

Another important matter was the appointment of a membership committee, consisting of Tenny Williams, Harold Steinfield and Andy Martin, the latter being appointed chairman. As an auxiliary, each member of the association will try to get five new members to the club and all automobile dealers will be requested to furnish the names of purchasers, who will be solicited to join the association.

As a means of giving publicity to the work of the association it was suggested that the names of new members be published once a month and that monthly reports of the work being done be published in the press of the city.

It was suggested that motorcyclists be invited to join the association and this matter will be taken up with the motorcycle club by Secretary Reamer. Dues of \$2.50 per year for motorcyclists was suggested.

The autoists wanted to know why the ordinance relating to lights on bicycles at night was not enforced and a committee was named to lobby with the police chief on the subject.

Louie Lager talked to the autoists about automobile associations and clubs of California and of the work they were doing for good roads. Tenny Williams reported that he was informed by Buick and Mercer agents at Los Angeles and by other individual autoists that if the prize for the auto race at the Southern Arizona fair were made \$2,000 they would enter cars. Races were discussed but nothing was done owing to the incomplete plans for the track.

**Caught a Bad Cold**  
"Last winter my son caught a very bad cold and the way he coughed was something dreadful," writes Mrs. Sarah E. Dunbar, of Tipton, Iowa. "We thought sure he was going into consumption. We bought just one bottle of Chamberlain's Cough Remedy and that one bottle stopped his cough and cured his cold completely. For sale by all dealers."

**Spent Day Hunting**  
R. T. Lockie and son, Howard, were among those who spent yesterday afternoon in search of game. The young man put one over on the senior, bringing down the only bird of the day. Pater hunted diligently for it in the brush for half an hour, in hope of being able to bring it home as evidence of his own marksmanship, but to no avail. In consequence the Orpheum manager could only assert last night that the boy thought he killed it, but it really was the other way about.

## Fancy Four Teir Bellfleur Apples

Price per Box \$2.00  
40 lbs.s Net

We have received our Fourth Car This season. Apples are large, sound and well colored

Buy Apples by the Box Bellfleurs are good keepers

Phelps Dodge Mercantile Co.

## AUTO RUNS OVER PROSTRATE MAN

Lying Asleep in Middle of Road--Sustains Few Scalp Wounds But No Serious Injuries

While going to Tombstone on Thursday evening in his auto, Attorney J. S. Williams struck a Mexican, Antonio Morales, who was lying in the middle of the road. Morales was rendered unconscious. His recovery was at first doubted, but the physicians after working over him for 2 hours brought him back to consciousness. Morales was in Tombstone celebrating Mexican Independence Day and on his way home, about six miles east of Tombstone, fell in the middle of the road and remained there. As it happened he laid lengthwise in the road behind a small bunch of sage brush, which made it impossible for Williams to see Morales until too close to stop. He drove the machine over the man and the gear box struck him, inflicting a severe cut in the skull which rendered him unconscious. Williams stopped immediately and picked Morales up, taking him to Tombstone, where medical treatment was given. A thorough examination by the physician revealed the fact that Morales sustained no serious injuries. He admitted that he was very drunk and on his way home fell in the road, and assumed all blame for the accident but asked Williams to pay the physicians, which was agreed.

### Mother of Eighteen Children.

"I am the mother of eighteen children and have the praise of doing more work than any young woman in my town," writes Mrs. C. J. Martin, Boone Mill, Va. "I suffered for five years with stomach trouble and could not eat as much as a biscuit without suffering. I have taken three bottles of Chamberlain's Tablets and am now a well woman and weigh 165 pounds. I can eat anything I want to, and as much as I want and feel better than I have at any time in ten years. I refer to any one in Boone Mill or vicinity and they will vouch for what I say." Chamberlain's Tablets are for sale by all dealers.

## RESULTS OF DAY ON THE DIAMOND

### NATIONAL LEAGUE.

St. Louis--Boston postponed; wet grounds. Double header Sunday.

Cincinnati--New York postponed; rain. Double header Sunday.

Chicago--Philadelphia postponed; rain. Double header Sunday and Monday.

At Pittsburgh--

Team-- R. H. E.  
Pittsburgh ..... 1 6 1  
Brooklyn ..... 9 4 2  
Robinson and Simon; Allen and Fisher.

Second Game.  
Team-- R. H. E.  
Pittsburgh ..... 3 6 2  
Brooklyn ..... 4 12 0  
Duffy, Cooper, Gibson and Kelly; Brown, Ragan and W. Fisher.

### AMERICAN LEAGUE.

Boston--Chicago postponed. Double header Monday.

At New York--

Team-- R. H. E.  
New York ..... 7 10 1

Higginbotham, James and Fisher; Koestner, Hill, Griffin, Raleigh and Elliott.

### ASSOCIATION LEAGUE.

At Kansas City--

Team-- R. H. E.  
Kansas City ..... 4 7 4  
Louisville ..... 7 7 7

### Diarrhoea Quickly Cured.

"I was taken with diarrhoea and Mr. Yorks, the merchant here, persuaded me to try a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. After taking one dose of it I was cured. It also cured others that I gave it to," writes M. E. Gohbart, Grigole, Pa. That is not at all unusual. An ordinary attack of diarrhoea can almost invariably be cured by one or two doses of this remedy. For sale by all dealers.

**Birth Record.**  
Born to Mrs. C. B. Wells, at their home in Don Luis yesterday afternoon, a baby girl and to Mrs. L. J. Jellman, of Lowell, a girl. Both mothers and babies are doing fine.

**Had Long Trip**  
Chas. Hall, who was at St. Louis on a vacation, returned yesterday and has been busy entertaining his friends with accounts of the trip. While in St. Louis, in company with a number of friends he made a 1,400 mile trip down the Mississippi river to the mouth of the Arkansas in a gasoline yacht. He says that it is the finest trip he ever made.

When the bowels feel uncomfortable and you miss the exhilarating feeling that always follows a copious morning operation, a dose of HERRINE will get you right in a couple of hours. It taken at bedtime you get its beneficial effect after breakfast next day. Price 50c. Sold by Bisbee Drug Co. 214

## BEN BOUND WEARING HIS FAMOUS 2 POUND GOLD MEDAL ON WRIST

Here is an excellent likeness of Ben Bound, made from a late photograph of the Champion Heavyweight of the Southwest and Mexico, victor in many a hard fought battle and many a harder fought training campaign. The champion's injured wrist is remedying rapidly. He had two 100 pound sacks of wet sand put up for him yesterday for punching bag service. During the afternoon he made a little run to the top of Limestone mountain, back of the Den, and from there to Warren and back to Lowell training quarters. The fight with the Finnish Lion is now scheduled two weeks from today with some mystery attaching as to just where it may occur.

### WIRES UNDERGROUND.

Tucson--The underground wire district created by the Tucson council includes the following streets: Congress, from the west city boundary to Toole avenue; Toole avenue, from Sixth avenue to Congress street; Sixth avenue, from the Southern Pacific right of way to Twelfth street; Stone avenue from Alameda to Ochoa.

Miami--Concrete pouring continues of the ore bin of the Inspiration Consolidated Copper company. The carpenters have finished all form work and have started work on forms for the coarse crushing plant. It is expected that concrete pouring for the bins will be finished before the end of the month. For the second and last time the high tower for distributing concrete is being moved along the railroad track. It is surprisingly interesting to note how easily the high tower can be moved along the tracks by the simple means of a block and tackle.

### Blair Comes Home

Tom Blair, who went to Hot Springs, Virginia, a few months ago to attend a meeting of the Hundred Thousand Dollar club, returned home on Friday morning. While in the east he visited Washington and saw all the interesting sights of the capital, besides meeting Senators Smith and Ashurst and Congressman Hayden.

### Nearing Completion

The seventy-five thousand dollar office building which is being erected by the Copper Queen company at Nacozari is nearing completion, and it is expected it will be ready for occupancy on November 1, or a little sooner. This will be one of the finest office buildings owned by the company, and one of the finest of any kind in Sonora.

**Business Visitor**  
J. G. Bible, of Cananea, is here for a brief stay on business.

### THE OZARK DINING ROOM

will change hands and open under new management, by Miss Anna Johnson, Sept. 29. Your patronage solicited. -Adv.
